FAAVCO'S CHRISTMAS BALL PARTY @ THE PLAZA HOTEL

Ms. Tina Monson Palma with me giving FAAVCO'S donation check.

GREETINGS

As I look outside overlooking the skyline of the city of Kuala Lumpur, I can't help to regress the thoughts of all those I left suffering in the Philippines.

I am very fortunate to travel the world and to see and experienced different cultures. As I write on this October issue of FAAVCO'S NEWSLETTER from Kuala Lumpur, Malaysia, I am thankful for the blessings and the generosity of many of you who answered our call to help out our fellow kababayan.

I want to personally thank all of those who generously responded to my email on a very short notice asking for donations to the flood victims of the typhoons in the Philippines. FAAVCO, manage to collect \$2600 from our generous members and officers. With FAAVCO putting up \$2000 of its own money our total donations to **ABS-CBN---**

FOUNDATION INC was \$4600. With the assistance of **Mrs. Rose Lugo**, I personally delivered our donation to the head of

ABS-CBN

Foundation, **Ms. Tina Monson Palma** at the headquarters in Manila.

Ms. Palma's office is also being use as

a warehouse for the much-needed supply to the effected areas. There are many people that have donated their time and efforts to provide help and assistance to the needy and our donation, in a small way, will help to lessen some of

the pain to the people affected by the flood. I was assured that our donations would directly go to help our fellow kababayan in areas affected by the typhoon flooding.

I was briefly interview and ask to say something about our organization. I give a short synopsis of FAAVCO and refer them to our website for information. I wasn't sure when the interview will be aired on TV. I was leaving the next day for Malaysia and was not able to see it. I am very grateful to Mrs. Lugo and her assistant for taking over my camera and for all their help in assisting me for my trip. As you will notice in some the pictures in the background are group of volunteers getting bags of items ready to be distributed to the victims and there are hundreds of thousand bags of rice line up and ready to be distributed.
