Despite a few glitches on our annual FAAVCO Christmas Party it was fun and enjoyable evening. Thank you to all the members and volunteers who help with the planning and decorations.

Our general membership meeting will be held on every first Saturday of the month at the Port Orange Adult Activity Center, the time is 6:00pm. All members are welcome to attend this meeting and voice out their concerns and comments with our organization. This is also a great way to meet and greet some of your fellow members and to get involve. All ideas are welcome! It is a potluck you may contact Enchie Mayo our secretary on what type of food dish to bring.

The FAAVCO members and officer and their family/guest celebrated Valentines Day on the 10th of February. It was such wonderful night of celebrations with good music not to mention that our raffles drawing was a hit! From what I can see everybody was having so much fun dancing and enjoying the party.

Our President Manny Amolat, announced that we will start selling tickets for the FAAVCO Christmas Ball Party in May. Yes this is early to be talking about Christmas Party but this is a decision that many officer and board members had agree on because of the complications we had on our last event. We want to provide everybody a chance to buy their tickets early and avoid the problem we had with not having any tickets available at the door. We are selling 300 tickets with a maximum 330 because of the restraint on the size of the ballroom it can only accommodate certain amount of people. We are encouraging everyone to purchase their tickets early to eliminate any hassles and confusion with the seating arrangement and with people trying to purchase tickets at the door. Only a ticket holder will be allowed to enter the party. The price of the ticket will be announced soon.

Congratulations are in order to Maria Macmullen and Ana Villarba our new appointed officers to Chair our Cultural Dance Club. They are looking for volunteers who would like to join and perform Cultural Dance Troupe

that perform at our various events. We could use a lot of people please take time to volunteer. The more the merrier.

How about that great website we have! Folks if you still haven't yet check our FAAVCO website do so now. Chris does such a good job updating it and there are so many photos from the past events. Also you can find upcoming events there and sign up to become a member to our fast growing organization.
